click above to get more specific information on what the camp is asking YOU, as parents, to do before sending students, youth ministers before bringing, and what they will be doing while we are at camp.

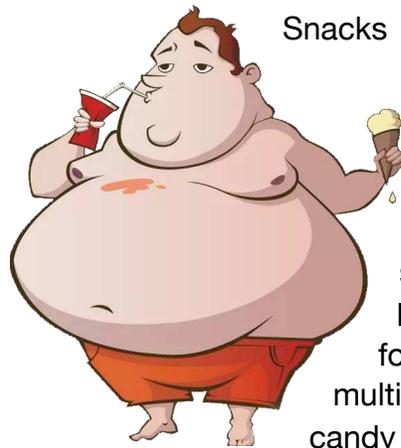

With Kansas requiring use of face masks in public, starting July 3rd, we WILL need to have a face mask when we load and when we unload. Missouri does not have a requirement so once we cross the state line and during camp we WILL NOT be required to wear one.

## SNACKS

Snacks ARE allowed. HOWEVER, PLEASE FOLLOW THESE RULES: Snacks must be kept in a sealed container. Do not leave any snacks out of the tubs. Open the tub, grab a snack, close the tub. Replace all uneaten snacks and seal the tub. Snacks will be taken away if the rules are not followed. There is a canteen open multiple times a day for them to buy candy bars, chips, pop etc...

## BANQUET

On Thursday Night most of the kids dress up in fancier clothes for a banquet dinner. (think graduation outfit or wedding wear) This is not mandatory but most students do. It is up to you what you would like to wear. Just wanted you to know

**When will we leave:** Camp is 1hr 20 Mins away so we plan to leave the church at 2:00

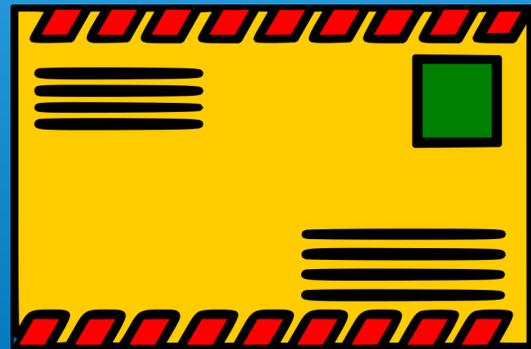

**When will we return:** We are scheduled to leave Friday at noon

**We encourage parents to send mail to the students.** Especially if it has perfume or hearts written all over it. Boxes (care packages) are also allowed. We sometimes make them tell a joke or sing a song to get their mail especially when it is large or unusually attractive. This will be a new fun experience for them, just plan ahead and send it early so it gets there in time!!

## CABINS

Due to COVID concerns we will do most everything in groups of 50 or less. (50 fit in each dorm) We will have a “family group” which will be who we spend **MOST** of our time with. “meals, rec time, etc...” Family groups will consist of our students plus a few from other churches. (all from the same dorm) We realize that this is a restriction from what we are used to at camp. However, remember, we are the **ONLY CAMP** in the region still having camp this Summer. Let’s not ruin things for the later weeks by not cooperating. Let’s have a great time within the restrictions the camp agreed to follow so we could still do camp this year. How blessed are we to be able to go!?!?

Cell service is poor there. Camp phone # is (417) 606-0148
